

EXTREME 
OWNERSHIP

MUSTER

CREATING LEADERS AT EVERY LEVEL

The Muster is a two-day **PREMIER LEADERSHIP CONFERENCE** that teaches pragmatic leadership tactics and strategies to all levels of leadership in every field. The principles taught are derived from former U.S. Navy SEALs Jocko Willink and Leif Babin who led the most highly decorated special operations unit of the Iraq war, SEAL Team Three Task Unit Bruiser.

Upon return from that deployment, Jocko and Leif created and implemented combat leadership training from the lessons they learned on the battlefield. After departing the SEAL Teams, they started teaching these same leadership principles in the civilian sector and captured them in the book **Extreme Ownership: How U.S. Navy SEALs Lead and Win**, a #1 New York Times, #1 Wall Street Journal and #1 Amazon Bestseller, now a staple of leadership methodology at scores of businesses, corporations, teams, and organizations around the world.

The Muster dives deep into the leadership principles in the book and gets granular. It provides clarity on specific steps that leaders must actually implement in their world and provides tactics, techniques, and procedures to overcome leadership challenges that occur in every industry and within every team.

Whatever challenges a company or organization may face, leadership is the solution. Costs are too high? Leaders must get them under control. Inefficient processes? Leaders must guide their revision and effective execution. Missing deadlines? A leader must get the team on track and hold the line. Disputes amongst employees or between leaders? A leader must deescalate and be the peacemaker.

At the Muster, leaders learn that they must own everything in their world - everything that impacts their mission. Muster provides your leaders the tools and the mindsets to identify problems, take ownership of them, find solutions, and get those solutions implemented enabling your entire organization to **LEAD AND WIN**.
